EDITORIALS.

Well, it's too bad!

Well it can't be much worse for the colored people than it is now.

Anyhow, colored men and women did their whole duty by the G. O. P.

What caused the overwhelming reversal in Kansas City? Speak up, boys.

Negroes, a little more business and a little less politics will help a great deal.

Special rates to Clubs and social organizations desiring to publish accounts of their proceedings and entertainments. Call Bell East 999.

Based upon the enumeration the average attendance of white school children last year was 44 per cent while that of the colored children was 25 per cent. Considering that a very large percentage of white children attend private schools, this is a decidedly poor showing for the Negro parents of Kansas City.

Of 1,337 teachers in the Kansas City schools 197 are colored. Of the latter only six are classified as principals. There are eight schools in which manual training and home economics are taught, besides the high school, and five which maintain kindergartens. There is also one strictly industrial school for colored children.

It has been estimated that the Negroes of Kansas City annually spend for drink a sum of money sufficient to pay all the teachers salaries and to clothe and feed all the children in the public schools. The same sum would also pay off all the church indebtedness of the city, pay all the ministers their yearly salaries and support all the institutions of charity.

If the white people ever expect to accomplish anything really big in a public way they must lay aside all their petty prejudices and narrowness. In the big anti-saloon demonstration a few days ago the colored schools were not asked to co-operate, although it is pointed out that drink excesses are greatest among Negroes and that black criminals are the greatest menace to the public safety, all of this superinduced by drink.

SECOND CHRISTIAN CHURCH, 24th and Woodland Ave.

Bible school at 9:30 a. m.; preaching and Communion at 11 a. m.; Y. P. S. C. E. at 7 p. m.; preaching at 8:15 p. m.; prayer meeting Wednesday at 8:30 p. m.; Christian Woman's Board of Missions Thursday at 2 p. m.

WILLIAM ALPHIN, Pastor.

THEY SAY

—That it sure was some race for President. Too close for comfort.

—That a whole lot of Negroes are getting ready to immigrate since Kansas City voted dry. Good riddance to them.

—That the colored troops fought nobly. See returns from 8 and 11 wards.

—That if the price of coal continues to soar there will be a whole lot of weddings this winter. Why?

—That being a professional Negro Democrat is somewhat perilous in old Kansas City these days.

—That the Negro schools of Kansas City are deteriorating instead of progressing. Why?

—That the noisy, obstreperous and vicious Negro must be suppressed for the good of the race.

—That when the average Negro gets a taste of Chicago water he doesn't want to live anywhere else. Some water, eh?

—That we ought to publish the names of those Negroes who owe and persistently refuse to pay. What do you think about it?

—That if Negroes ever should get together and support and help one another in business enterprises it is now good Lord now, now.

About Home Buying and Investments

In olden times the first thing the cave man did, after capturing his bride, was to hunt out a cave and there, upon finding a suitable one, establish her in full glory. It is none the less a first-rate thing for the young man of this day and time to do. Of course, it takes money to do what probably in many cases mere physical prowess accomplish for his prehistoric brother.

As far back as a generation ago it really did take money to buy a home, at least so much more than now that the present payment plan of selling houses practically pooh-poohs any man's claiming that he is financially unable to buy his wife a home of her own.

As a matter of fact the thrifty husbandman hurries to pay for his "place" and with that as a nucleus soon becomes a large property owners.

I have on my lists a good many homes for sale on small payment down, balance monthly, which when paid for afford a working basis upon which to build for a future income during old age.

If you already own a home, see me about investments that I have investigated. If you have a problem in real estate matters which you want information on let me hear from you. Call or write
